## **106th ANNUAL REPORT of the PRESIDENT** **YEAR ENDED DECEMBER 31, 2025**

### **To the participants of the Park Employees' and Retirement Board Employees' Annuity and Benefit Fund:**

It is my pleasure to present the President's 106th Annual Report of the Park Employees' and Retirement Board Employees' Annuity and Benefit Fund (the "Fund") for the year ended December 31, 2025.

The Fund's investment prospects in 2025 were strong due to the Fund's asset allocation and improved market conditions. The Retirement Board, with the guidance of our Investment Consultant, remained steadfast in our convictions to our diversified investment strategy and our investment portfolio produced an 11.9% return for the year, which exceeds the Fund's actuarial assumed rate of return. The Fund achieved strong absolute returns in 2025; however, the Fund's implementation of a more conservative investment posture weighed on returns relative to peers over the one-year period. The Fund's 10-year investment performance of a 7.5% annualized return exceeded the Fund's annual targeted rate of investment return of 7%.

The Board of Trustees continues to monitor the performance of the Fund's asset allocation and that of the Fund's Investment Managers with the assistance of the Fund's Investment Consultant, the Meketa Investment Group Inc. The Board of Trustees has completed filling out the new asset allocation for the Fund that was approved in 2022 and has great confidence that the new asset allocation will provide enhanced retirement security to the Fund's participants. The Board of Trustees was able to negotiate fee reductions from three investment managers in 2025.

Most importantly, the Fund's need to sell assets to make benefit payments has been greatly reduced since 2021 because of the larger employer contributions required by Public Act 102-0263. The legally required employer contributions to the Fund have grown from \$12.8 million in 2020 to \$59.7 million in 2025. Additionally, Public Act 102-0263 requires the Plan to be 100% funded by 2057.

The Fund began making the monthly annuity and benefit payments utilizing the Fund's new pension administration system. Additional functionality should be added to the system in 2026.

Please see the following summarized information regarding the performance of the Fund in 2025.
